Newcastle Elementary School District 2024-25 Proposed Budget Report and Multiyear Fiscal Projection

Public Hearing – June 12, 2024

Adoption – June 26, 2024

Local Educational Agencies (LEAs) are required to adopt a budget prior to July 1 of each year in order to authorize the expenditure of funds. The proposed budget is only an initial blueprint for revenues and expenditures since the preparation of the adopted budget occurs before the State has enacted its budget, and before actual revenues and expenditures are known for the current year. In the event that material revisions are necessary, a revised budget will be presented to the Board no less than 45 days after the enacted State budget.

Illustrated below is a summary of the proposed State budget and budget guidelines as provided by the county office of education, Business and Administration Steering Committee (BASC), Capitol Advisors, School Services of California, Legislative Analyst's Office, and other professional organizations. The proposed budget report also contains financial summaries, multi-year projections, and detailed financial state reports relating to the projected financial activity for 2024-25 through 2026-27 specific to the Newcastle Elementary School District.

Governor's Revised State Budget Proposal "May Revision"

Governor Newsom released his proposed revised state budget on May 10th for the upcoming 2024-25 fiscal year and released additional information on May 14th. The California Department of Finance (DOF) projected a \$37.9 billion deficit in January. Fortunately, the State implemented early actions to shrink the budget shortfall by \$17.3 billion; otherwise, the budget problem would have been worse. However, due to lower-than-expected revenues in the last few months, the budget shortfall increased by \$7.0 billion from January resulting in a \$27.6 billion deficit. Further, Proposition 98 funding has decreased from January amounts as follows:

- 2022-23: Decrease of \$786 million for a total Proposition 98 guarantee of \$97.5 billion
- 2023-24: Decrease of \$3 billion for a total Proposition 98 guarantee of \$102.5 billion
- 2024-25: Decrease of \$364 million for a total Proposition 98 guarantee of \$108.7 billion

The Governor is maintaining his position of protecting K-14 education from on-going reductions (i.e. mid-year reductions, eliminating programs, etc.) by proposing the following actions:

- Increase the utilization of funds from the Proposition 98 Rainy Day Fund.
 - Withdrawing \$5.8 billion in 2023-24 and \$2.6 billion in 2024-25.
 - The funds in the Proposition 98 Rainy Day Fund would then be expected to be depleted by the end of the 2024-25 fiscal year.
- Continue to utilize a change in accrual and accounting method referred to as the "Proposition 98 Funding Maneuver".
 - Accrue the net \$8.8 billion (up from \$8.0 billion in January) budget impact of providing funds to education in 2022-23 above the constitutional minimum guarantee. Annual supplemental payments of approximately \$1.8 billion will go to education from non-Proposition 98 general fund resources starting in 2025-26.
 - While this action prevents additional reductions in education funding relating to the decrease in the 22-23 minimum guarantee from when the 2023-24 state budget was enacted last June, it reduces the calculation of the Proposition 98 minimum guarantee going forward since the maneuver does not recognize the \$8.8 billion shortfall.

- The estimated impact on education funding is approximately \$12-14 billion for 2023-24 and 2024-25, and further negatively impacts total funding for education funding in subsequent years.
- Please note that this provision was modified on May 27th relating to an agreement between the Governor and the California Teachers Association (CTA), which suspends Proposition 98 and adds a maintenance factor that will be paid back in the future. While the agreement maintains the State’s Proposition 98 minimum guarantee, it does increase the possibility of cash deferrals and/or funding/program reductions.

However, the Governor does propose the following one-time education reductions in order to balance the budget:

- Reducing \$485 million of one-time, unspent Learning-Aligned Employment Program funds.
- Eliminating \$375 million of one-time support for the School Facilities Aid Program.
 - The amount is zero after the Governor’s early budget action reduced it by \$500 million.
- Reducing \$550 million supporting the California Preschool, Transitional Kindergarten, and Full-Day Kindergarten Program facilities, since these needs could be included in the next statewide school facilities bond.
- Reducing \$60.2 million of one-time support for the Golden State Teacher Grant Program.
- Eliminating the planned general fund investments of \$47.9 million in 2025-26 and \$97.9 million on-going starting in 2026-27 for preschool inclusivity, which would have required state preschools to serve at least 10% of students with disabilities by 2026-27.
- Utilizing unused funds from Inclusive Early Education Expansion Program Grant and other programs to increase the Green School Bus Grant Program by \$395 million for 2024-25. A corresponding decrease would occur for the subsequent year budget commitments.

Local Control Funding Formula Factors

The statutory cost-of-living adjustment (COLA) for 2024-25 is 1.07%, which is being funded from one-time funds. Illustrated below is a comparison of projected statutory COLAs for the current year, budget year, and two subsequent years:

Description	23-24	24-25	25-26	26-27
LCFF COLAs (23-24 Adopted Budget)	8.22%	3.94%	3.29%	3.19%
LCFF COLAs (23-24 First Interim)	8.22%	3.94%	3.29%	3.19%
LCFF COLAs (23-24 Second Interim)	8.22%	0.76%	2.73%	3.11%
LCFF COLAs (24-25 Adopted Budget)	8.22%	1.07%	2.93%	3.08%

Other Proposed Governor’s May Revision Components

Illustrated below is a summary of other proposals in the Governor’s May Revision.

- Except for applying COLA to eligible programs, there are no funding changes from what was proposed in January relating to the following programs:
 - Expanded Learning Opportunities Program
 - Universal Transitional Kindergarten
 - Universal Meals
 - California Community Schools Partnership Program
 - Home-to-School Transportation
 - Special Education
- Maintains the Attendance Recovery Program from the Governor’s January Budget that would enable LEAs to recover average daily attendance lost to student absences by providing additional instructional time to offset student absences and further address learning loss. However, the Governor proposes to delay the program implementation to 2025-26 instead of 2024-25.
- Maintains the revisions to the J-13A (school closure / material loss of attendance) Program Attendance Recovery Program by requiring LEAs amend its independent study plan to provide for the continuity of instruction within five calendar days (currently 10 days) of the first day of closure or material loss of attendance.
 - LEAs would also have the authority to accommodate temporarily reassigned students and allow for simultaneous enrollment in the temporarily assigned LEA and in their previous LEA.
- Apply the statutory COLA to the minimum per school site LCFF Equity Multiplier of \$50,000 and restrict funding to school sites that are open in the year that the funding is allocated, as well as exclude district office enrollment in the allocation.
- Limit requiring an LEA with a school that is eligible for the federal Community Eligibility Provision to adopt a federal universal meal service provision to only eligible schools that also have an Identified Student Percentage of at least 40%.
- Impose new restrictions of Learning Recovery Emergency Block Grant expenditures by requiring the expenditures be evidence-based and based on formal needs assessments beginning with 2025-26 expenditures (previously was a 2024-25 implementation year).
- Revise the Arts, Music & Instructional Materials Discretionary Block Grant language requiring that funds be “available for expenditure through June 30, 2026” instead of “available for encumbrance through June 30, 2025.”
- Revise A-G Completion Improvement Grant language requiring that funds be “available for expenditure through June 30, 2026” instead of “available for encumbrance or expenditure through June 30, 2026.”
- Encumbered Expanded Learning Opportunities Program funds from 2021-22 and 2022-23 must be expended by September 30, 2024. Further, beginning with the 2023-24 allocation, LEAs will have two fiscal years to expend the funds. Lastly there is legislative intent language that states, beginning in 2025-26, school districts and charter schools will have the discretion of participating in the program.

Routine Restricted Maintenance Account- This Does Not Apply to NESD

Per Education Code Section 17070.75, school districts are required to deposit into the account a minimum amount equal to or greater than three percent (3%) of the total general fund expenditures and other financing uses for that fiscal year. Illustrated below are the primary compliance components:

- The 3% contribution is calculated on total general fund expenditures, including other financing uses (i.e. transfers out, debt issuances relating to the General Fund)
- Based on enacted bills from 2019-20 through 2021-22, total general fund expenditures for RRMA purposes do not include STRS on-behalf (Resource 7690) expenditures, and one-time funding sources to address COVID-19 challenges (Resources 3212, 3213, 3214, 3216, 3218, 3219, 3225, 3226, 3227, 3228, 5316, 5632, 5633, 5634, and 7027).
- The final 3% contribution is based on year-end actual data; therefore, while it is developed based on budget, it must be trued up using actual expenditures.
- The actual contribution will be audited as part of the School Facility Program Bond Audit
- This paragraph applies only to the following school districts:
 - (i) High school districts with an average daily attendance greater than 300 pupils.
 - (ii) Elementary school districts with an average daily attendance greater than 900 pupils.
 - (iii) Unified school districts with an average daily attendance greater than 1,200 pupils.

Reserves- This Does Not Apply to NESD

District Reserve Requirements: The 2014 State Budget Act and the passage of Proposition 2 in November 2014 established a hard cap on district reserves, if all the following conditions are met:

1. Proposition 98 must be funded based on Test 1
2. Full repayment of the maintenance factor prior to 2014-15
3. Proposition 98 provides sufficient funds to support pupil attendance growth and the statutory COLA
4. Capital gains exceed 8% of general fund revenues

Prior law specified that in any fiscal year immediately following a year in which a transfer of any amount is made to the Public School System Stabilization Account, a district's assigned or unassigned fund balance (including Fund 01 and Fund 17) may not exceed two times the reserve for economic uncertainty (three times the reserve for economic uncertainty for districts with more than 400,000 ADA).

However, Senate Bill (SB) 751 which became effective January 1, 2018, made changes to the school district reserve cap law in the following manner:

- It requires that the reserve cap is triggered in a fiscal year immediately after a fiscal year in which the amount of moneys in the Public School System Stabilization Account is equal to or exceeds three percent of the combined total of general fund revenues appropriated for school districts and allocated local proceeds of taxes (Proposition 98 funding), as specified, for that fiscal year.
- Adjusts the reserve cap from a combined assigned and unassigned ending fund balance based on the size of the district to a combined assigned or unassigned ending balance, in the General Fund (01) and the Special Reserve Fund for Other Than Capital Outlay (17), of 10% of those Funds for all districts.

- Reserves would be capped at 10% as long as the amount in the Public School System Stabilization Account remained at 3% or greater of the Proposition 98 amount in each preceding year.
 - The State must notify local educational agencies when the conditions are and are no longer applicable.
 - School districts were notified in March that the cap on local reserves will be applicable for the 2024-25 budget adoption.
 - Based on the May Revision, the fund balance falls below 3% in 2023-24, which would make the reserve cap not applicable for 2024-25.
- Basic aid school districts and districts with fewer than 2,501 average daily attendance are exempt from the reserve cap requirement.

Even though there is uncertainty regarding a cap on local reserves, the reserve requirement is not applicable to the district since its average daily attendance is fewer than 2,501.

2024-25 Newcastle Elementary and Charter Schools Primary Budget Components

- ❖ Funded Average Daily Attendance (ADA)
 - Newcastle Elementary 164.31

Education Protection Account

As approved by the voters on November 6, 2012, The Schools and Local Public Safety Protection Act of 2012 (Proposition 30) temporarily increased the State’s sales tax rate and the personal income tax rates for taxpayers in high tax brackets.

Proposition 30 provides that a portion of K-14 general purpose funds must be utilized for instructional purposes. Revenues generated from Proposition 30 are deposited into an account called the Education Protection Account (EPA). The district receives funds from the EPA based on its proportionate share of statewide general-purpose funds. A corresponding reduction is made to its state aid funds.

Subsequently, on November 8, 2016, the voters approved the California Children’s Education and Health Care Protection Act (Proposition 55) that maintains increased personal income tax rates for taxpayers in high tax brackets through 2030. Proposition 55 did not extend the sales tax increase; therefore, the temporary sales tax increase expired at the end of calendar year 2016.

K-14 local agencies have the sole authority to determine how the funds received from the EPA are spent, but with these provisions:

- The spending plan must be approved by the governing board during a public meeting
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs (as determined through the account code structure)
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended

Further, the annual financial audit includes verification that the EPA funds were used as specified by Proposition 30. If EPA funds are not expended in accordance with the requirements of Proposition 30, civil or criminal penalties could be incurred.

Illustrated below is Newcastle Elementary School District’s EPA funds budgeted for 2024-25. The amounts will be revised throughout the year based on information received from the State.

Various aspects of the planning factors illustrated above will be further discussed below with the district's specific revenue and expenditure assumptions.

Revenue Assumptions:

Per enrollment trends, the district continues to anticipate growth in its overall enrollment. The Local Control Funding Formula is based on the Department of Finance's estimates of COLA and funding percentages towards Newcastle Elementary School District's LCFF Target as noted above. Unrestricted local revenue is estimated to remain relatively constant for the subsequent years. Local revenue increases are associated with increased costs relating to self-funded programs. State and Federal revenue is expected to decrease due to the reduction of various program revenues.

Expenditure Assumptions:

Certificated step and column costs are expected to increase by 1.35% each year. Unrestricted certificated salaries include a reduction of one certificated positions in 2025-26. Classified step costs are expected to increase by 2.12% each year. Restricted certificated and classified expenditures are estimated to decrease for 2024-25 and 2025-26 primarily due to program adjustments.

As a result of changes to salaries, adjustments to benefits are made to reflect the effects of salary changes noted above, program adjustments, and expected increases in employer pension costs as per the discussion provided earlier in this report.

Unrestricted supplies and operating expenditures are estimated to remain constant. Restricted supplies and operating expenditures are estimated to increase for 2024-25 primarily due to the math textbook adoption. Capital outlay and other outgo is estimated to remain relatively constant. Contributions to restricted programs are expected to decrease for 2024-25 due to a change in the SELPA revenue allocation.

Estimated Ending Fund Balances-Newcastle Elementary and Charter Schools:

During 2025-26, Newcastle Elementary School District estimates a projected a surplus of \$146,392 resulting in an ending General Fund balance of approximately \$1.25 million.

During 2026-27, Newcastle Elementary School District estimates a projected surplus of \$274,848, resulting in an ending General Fund balance of \$1.5 million_.

Illustrated below are the components of fund balance for the current and two subsequent years in accordance with Senate Bill 858 disclosure requirements that show the amounts over the State mandated reserve of 5% percent of the Newcastle Elementary School expenditures only:

<i>Estimated Ending Fund Balance</i>	<i>\$889,226</i>	<i>\$963,816</i>	<i>\$1,191,484</i>

Conclusion:

Multi-year projections show the trajectory of the School District’s finances with the information that is available at that specific time. Any change to the budget assumptions or State legislation will alter these projections. Newcastle Elementary and Charter School’s multiyear projections show restricted deficit spending which is consistent with the expenditure deadlines on one-time funds. The multi-year projections show reserves under 15% of the elementary and charter’s expenses in 2024-25 and 2025-26. However, the two out years show a small unrestricted surplus which is encouraging. With the uncertainty of how the State resolves the budget shortfall it is prudent to have cash reserves in case deferrals are implemented.

Newcastle Elementary School District has many exciting opportunities coming its way. With thoughtful leadership, amazing programs could be created and continued that will benefit our students.

It has been my honor to serve at Newcastle Elementary School District and experience all of the evolutions over the past 9 years.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.
Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. **Entry required**

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	890,023.00
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	13,125.66
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (9.60%) times Part III, Line B19); zero if negative	226,821.81
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (9.60%) times Part III, Line B19) or (the highest rate used to recover costs from any program (0%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	226,821.81
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	226,821.81

Approved indirect cost rate: 9.60%
Highest rate used in any program: 0.00%

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected P-2 ADA to enrollment ratio is above the standard for one or more of the budget or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's cost-of-living adjustment (COLA), plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's COLA, plus or minus one percent.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

- LCFF Revenue
- Basic Aid
- Necessary Small School

The District must select which LCFF revenue standard applies.

LCFF Revenue Standard selected: LCFF Revenue

4C. Comparison of District LCFF Revenue to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected change in LCFF revenue is outside the standard in one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard(s) and a description of the methods and assumptions used in projecting LCFF revenue.

Explanation:
(required if NOT met)

The change in LCFF revenue year over year seems in line, and the LCFF Revenue Standard percentages seem random. The LCFF amounts change due to the ADA and other demographic changes that are known at the time of the projections. The above amounts do not include in Lieu taxes that are paid to the charter schools that NESD sponsors.

5. **CRITERION: Salaries and Benefits**

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the budget year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.
